The first week of school is designated as school bus safety week.

**B. Student Training.**

The School District shall provide students enrolled in grades kindergarten through 12 with school bus safety training. The training shall be results-oriented and shall consist of both classroom instruction and practical training using a school bus. Upon completing the training, a student shall be able to demonstrate knowledge and understanding of at least the following competencies and concepts:

1. transportation by school bus is a privilege not a right;
2. District policies for student conduct and school bus safety;
3. appropriate conduct while on the bus;
4. the danger zones surrounding a school bus;
5. procedures for safely boarding and leaving a school bus;
6. procedures for safe vehicle lane crossing; and
7. school bus evacuation and other emergency procedures.

Student school bus safety training shall commence during school bus safety week. All students who are transported by school bus and are enrolled during the first week of school must demonstrate achievement of the school bus safety training competencies by the end of the third week of school. Students who enroll in a school after the first week of school and are transported by school bus shall undergo school bus safety training and demonstrate achievement of the school bus safety competencies within three weeks of the first day of attendance. The School District may deny transportation to a student who fails to demonstrate the competencies, unless the student is unable to achieve the competencies due to a disability.

The District will, to the extent possible, provide kindergarten students with school bus safety training before the first day of school.

The School District will also provide student safety education for

bicycling and pedestrian safety.

The School District's curriculum for transportation is maintained and available for review in the office of the Director of General Administrative Services.

## **II. CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR**

Riding the school bus is a privilege, not a right. Students are expected to follow the same behavioral standards while riding school buses as are expected on school property or at school activities, functions or events. Consequences for school bus/bus stop misconduct will be imposed by the Building Principal or the Principal's designee. In addition, all school bus/bus stop misconduct will be reported to the District's Transportation Safety Director. Serious misconduct will be reported to the Department of Public Safety and may be reported to local law enforcement.

### **A. School Bus and Bus Stop Rules.**

The School District school bus safety rules are to be posted on every bus. If these rules are broken, the School District's discipline procedures are to be followed. Consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the School District's Transportation Office/School Office.

**IV. SCHOOL BUS DRIVER DUTIES AND RESPONSIBILITIES**

All school bus drivers shall be adequately prepared, both physically and mentally, each day to perform required duties. These shall include:

**A. Operating the vehicle in a safe and efficient manner.**

1. **Safety.** The primary concern of each driver is safety. Drivers will exercise extreme caution during the loading and unloading process as well as when driving.
2. **Defensive Driving.** All drivers are to drive defensively at all times. A definition of defensive driving is: driving in a manner to avoid accident involvement despite adverse conditions created by roads, weather, traffic, or errors of other drivers or pedestrians.

Drivers must never, under any circumstances, use corporal punishment. Drivers have no authority to deny a child the privilege of riding the bus, or drop the student at other than the designated stop. Any denial of bus-riding privileges can come only from the school authorities.

Drivers will be familiar with first aid and CPR procedures. Drivers should first contact the dispatcher to call 911 in the case of serious injuries. Drivers should administer proper first aid in accordance with their training and level of ability. In the event an injured passenger is taken to the hospital, record the students' name and the name of the hospital where the student is sent.

**C. Tornado.**

If there is likelihood that the tornado will hit a vehicle, and there is no escape route available or no time to drive to a safe location, the driver should evacuate the bus, taking the first aid kit. The driver will take the students to the basement of a nearby building or to the nearest depression or ditch upwind (toward the storm) of the bus far enough away from the bus so that the bus will not roll over on them and instruct them to cover their heads with their arms. If the students are wearing coats or jackets, these can be used to provide additional protection for their heads and bodies. Drivers should take only the first aid kit from the bus.

If drivers are on the road when they hear a tornado warning or spot a funnel, and there is no time to evacuate the students after stopping the bus, drivers should have the students assume the protective position, remaining in their seats, with their heads below window level.
