

Dear Cannon River STEM School Families,

Our school supply list looks a bit different this year. We want to be sure that we are asking for supplies that will be used at a grade level, but also know that some supplies are common across all grades. Hopefully separating those into two lists will be helpful.

It is our hope that many of the supplies that are on the list are items that will be able to be reused from last year. Reusing has many advantages (less clutter at home, less time spent at the store, less labeling of items since it will be on the items already, and for some students these might even still be in their backpacks ☺)

Common School Supplies for Grades K through 8

- **2 boxes of tissues** for classroom use
- **1 container of unscented, lemon, or citrus disinfecting wipes** for use in the classroom and computer lab spaces. The specific scents are requested due to some allergy requirements. We will continue to watch the reports about illness caused by wipes and make adjustments as needed, but for now this seems to be the most efficient way to regularly wipe down common spaces.
- **1 backpack without wheels.** Backpacks with wheels do not fit in the middle school lockers and are very hard to hang on the hooks in the limited space in elementary.
- **2 boxes of plain #2 pencils.** The decorated pencils have a plastic coating that does not sharpen well and many classes will have a community pencil bank so being the same works well.
- **1 package of dry erase markers.** If the low odor variety are available that would be preferred since 22 smelly markers in a classroom can be pretty overwhelming.
- **1 package of washable markers**
- **2 glue sticks**
- **1 yellow highlighter**
- **1 scissors** For K, 1st and 2nd a blunt end scissors is needed.
